Como entender os acordes e executá-los

4th Dedos da mão esquerda (para destros)
que fazem o acorde

O “x” indica a corda que não deve
ser tocada

O “o” indica que esta é uma corda
solta que deve ser tocada

O “ $\frown$ ” indica que o dedo indicado
pressiona duas ou mais cordas ao
mesmo tempo

Os números indicam o dedo que deve
pressionar a corda para fazer o acorde

Observações: quando aparecer algo do tipo (4fr), isso estará indicando a casa onde se inicia o acorde. Existe uma coisa na música chamada enarmonia, quer dizer que uma **mesma** nota ou um **mesmo** acorde pode ter dois ou **mais nomes**, então quando você ver algo do tipo (D#m7/Ebm7) significa que este acorde é um Ré sustenido menor com sétima ou Mi bemol menor com sétima.
